OPEN LETTER TO MEMBERS OF

THE TENNESSEE STATE UNIVERSITY COMMUNITY

The members of the entire TSU Community of Students, Faculty, and Staff are to be commended upon the success of two important recent events on campus: the TSU-Grambling Football Game on Saturday, Oct. 6, and the Opening Convocation on Tuesday, Oct. 9. The Honorable Winfield Dunn, Governor of Tennessee; members of his staff; several Legislators; and representatives of the Board of Regents were present at both events. All of these guests expressed pleasure and delight over the reception and hospitality accorded them. Dr. C. C. Humphreys, Chancellor of the Board of Regents, spoke especially in appreciation of the contributions of TSU to higher education in Tennessee.

In addition to the above, approximately 60 elected and appointed government officials throughout the State of Tennessee met on our campus Saturday morning, and remained to see the game. This was an organizational meeting called by Hon. Harold Love of Nashville and Hon. Alvin King of Memphis, State Representatives, and Councilman Theotis Robinson of Knoxville. The emphasis of this group on such issues as real estate, health, social, legal and economic challenges, is indicative of progress in these areas for the people of Tennessee. It is significant that our campus was chosen as the site for this meeting. At the luncheon session, President Torrence greeted the group, lauded the efforts to form the organization; and, on behalf of the University Community, pledged support, assistance and cooperation in whatever way possible. Rep. Love, a TSU alumnus, was luncheon speaker.

Special commendations and congratulations have been personally tended by President Torrence to the players, coaches and staff of the TSU TIGERS on their victory over the Grambling Tigers in a thrilling football game; and to the director, his assistants and members of the Aristocrat of Bands for their color and artistry which added much to the occasion.

The successes of the recent past have helped to lay the groundwork for a bountifully rewarding 1973-1974. TENNESSEE STATE UNIVERSITY IS TRULY WHERE THE ACTION IS....IN AND OUT OF THE CLASSROOM!
